professionals from the private sector with experience in prison and jail design and construction.

The Task Force will consist of 15 members nominated primarily by relevant professional associations and state and local departments of corrections with recent significant construction activity. The Task Force will be advisory only and will report to the U.S. Attorney General through the Director of the National Institute of Corrections.

CONTACT PERSON: Michael A. O'Toole, National Institute of Corrections, Jails Division, 1960 Industrial Circle, Suite A, Longmont, CO 80501, (800) 995– 6429.

TELEPHONE: (303) 682–0639, Fax: (303) 682–0469.

Morris L. Thigpen,

Director.

NATIONAL FOUNDATION FOR THE ARTS AND THE HUMANITIES

National Endowment for the Arts; Visual Arts and Museum Planning Meeting

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92–463), as amended, notice is hereby given that a meeting of the Visual Arts Panel (Overview/Planning Section) to the National Council on the Arts will be held on September 12–13, 1995. The panel will meet from 9:00 a.m. to 5:30 p.m. on September 12 and from 9:00 to 5:00 p.m. on September 13, in Room M–07, at the Nancy Hanks Center, 1100 Pennsylvania Avenue, N.W., Washington, D.C., 20506.

This meeting will be open to the public on a space available basis.

Any interested person may observe meetings or portions thereof, which are open to the public, and may be permitted to participate in the discussions at the discretion of the meeting chairman and with the approval of the full-time Federal employee in attendance.

If you need special accommodations due to a disability, please contact the Office of Special Constituencies, National Endowment for the arts, 1100 Pennsylvania Avenue, NW Washington, D.C. 20506, 202/682–5532, TYY/TDD 202/682–5496, at least seven (7) days prior to the meeting.

Further information with reference to this meeting can be obtained from Ms. Yvonne M. Sabine, Director of Council and Panel Operations, National Endowment for the Arts, Washington, D.C. 20506, or call 202/682–5788.

Dated: September 5, 1995.

Yvonne M. Sabine,

Director, Office of Council and Panel Operations, National Endowment for the Arts. [FR Doc. 95–22511 Filed 9–11–95; 8:45 am] BILLING CODE 7537–01–M

National Endowment for the Arts; Partnership Meeting

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92–463), as amended, notice is hereby given that a meeting of the Partnership Advisory Panel (Local Arts Agencies Section) to the National Council on the Arts will be held on September 28–29, 1995. The panel will be held from 8:45 a.m. to 6:30 p.m. on September 28 and from 8:30 a.m. to 5:00 p.m. on September 29, in Room M–14, at the Nancy Hanks Center, 1100 Pennsylvania Avenue, N.W., Washington, D.C. 20506.

This meeting will be open to the public on a space available basis.

Any interested person may observe meetings or portions thereof, which are open to the public and may be permitted to participate in the discussions at the discretion of the meeting chairman and with the approval of the full-time Federal employee in attendance.

If you need special accommodations due to a disability, please contact the Office of Special Constituencies, National Endowment for the Arts, 1100 Pennsylvania Avenue, NW Washington, D.C. 20506, 202/682–5532, TYY/TDD 202/682–5496, at least seven (7) days prior to the meeting.

Further information with reference to this meeting can be obtained from Ms. Yvonne M. Sabine, Director of Council and Panel Operations, National Endowment for the Arts, Washington, D.C. 20506, or call 202/682–5433.

Dated: September 5, 1995.

Yvonne M. Sabine.

National Endowment for the Arts; Museum Advisory Panel

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92–463), as amended, notice is hereby given that a meeting of the Museum Advisory Panel (Utilization/ Professional Development Section B) to the National Council on the Arts will be held on September 19–22, 1995. The panel will meet from 9:00 a.m. to 7:00 p.m. on September 19 and from 9:00 a.m. to 5:30 p.m. on September 20–22, in Room 716, at the Nancy Hanks Center, 1100 Pennsylvania Avenue NW., Washington, DC 20506.

This meeting will be open to the public on a space available basis.

Any interested person may observe meetings or portions thereof, which are open to the public, and may be permitted to participate in the discussions at the discretion of the meeting chairman and with the approval of the full-time Federal employee in attendance.

If you need special accommodations due to a disability, please contact the Office of Special Constituencies, National Endowment for the Arts, 1100 Pennsylvania Avenue NW., Washington, DC 20506, 202/682–5532, TTY/TDD 202/682–5496, at least seven (7) days prior to the meeting.

Further information with reference to this meeting can be obtained from Ms. Yvonne M. Sabine, Director of Council and Panel Operations, National Endowment for the Arts, Washington, DC 20506, or call 202/682–5788.

Dated: September 5, 1995.

Yvonne M. Sabine,

Director, Office of Council and Panel Operations, National Endowment for the Arts. [FR Doc. 95–22512 Filed 9–11–95; 8:45 am] BILLING CODE 7537–01–M

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (P.L. 95–541)

AGENCY: National Science Foundation. **ACTION:** Notice of Permit Applications Received under the Antarctic Conservation Act of 1978, P.L. 95–541.

Foundation (NSF) is required to publish notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to these permit applications by October 6, 1995. Permit

views with respect to these permit applications by October 6, 1995. Permit applications may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755,

Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT:

Nadene G. Kennedy at the above address or (703) 306–1031.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Public Law 95-541), has developed regulations that implement the "Agreed Measures for the Conservation of Antarctic Fauna and Flora" for all United States citizens. The Agreed Measures, developed by the Antarctic Treaty Consultative Parties, recommended establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas as requiring special protection. The regulations establish such a permit system to designate Specially Protected Areas and Sites of Special Scientific Interest.

The applications received are as follows:

1. Applicant: William D. Fraser, Biology Department, Montana State University, Bozeman, Montana 59717, Permit Application No. 96–021.

Activity for Which Permit is Requested

Enter Specially Protected Area and Enter Site of Special Scientific Interest. The applicant requests permission to enter Litchfield Island (SPA #17) 3 times per week for 1-2 hours to census penguins and other seabirds breeding on the island. The island can be accessed safely and easily at times of the year when sea ice and bad weather make access to other penguin rookeries difficult or impossible. The applicant relies heavily on the ability to document weekly changes in penguin populations and breeding effort. This island has thus become a reliable source of long-term comparative data on penguin demography important to the hypotheses being tested by the LTER. All visits will be restricted to the unvegetated parts of the island.

In addition, the applicant would also like to enter Biscoe Point, Anvers Island (SSSI #20) on 5 separate occasions to census penguins and other seabirds. Some penguins banded as chicks are not returning to their natal colonies, but are instead moving to colonies on islands quite distant from Palmer. The applicant needs to document how pervasive this trend is by finding previously banded birds so as to adequately incorporate them into data on survival and recruitment.

Location

SPA #17—Litchfield Island, and SSSI #20—Biscoe Point, Anvers Island

Dates

October 1, 1995–May 31, 1998 2. Applicant: William D. Fraser, Biology Department, Montana State University, Bozeman, Montana 59717, Permit Application No. 96–022.

Activity for Which Permit is Requested

Taking. The applicant proposes to continue work associated with the Long-Term Ecological Research (LTER) on the Antarctica Marine Ecosystem project studying the relating variability in seabird reproductive success, survival and recruitment to fluctuations in certain biotic and abiotic features in their environment. This work involves censusing populations; marking, weighing and measuring adults, chicks and eggs; obtaining diet samples; and placing radio transmitters on some individuals to develop profiles on foraging efforts. As in the past, all seabirds involved in the research will be released unharmed.

Location

Palmer Station vicinity and nearby islands accessible by zodiac

Dates

October 1, 1995-May 31, 1998

3. Applicant: William D. Fraser, Biology Department, Montana State University, Bozeman, Montana 59717, Permit Application No. 96–023.

Activity for Which Permit is Requested

Taking. The applicant requests permission to tag 200 Adelie penguins using the subcutaneous tag method. The tagging of penguins is part of a long-term ecological research (LTER) program studying the relating variability in seabird reproductive success, survival and recruitment to fluctuations in certain biotic and abiotic features in their environment.

Location

Palmer Station vicinity and nearby islands

Dates

October 1, 1995—May 31, 1998 4. Applicant, Colin Harris, International Center for Antarctic Information and Research (ICAIR), P.O. Box 14–199, Orchard Road, Christchurch, New Zealand, Permit Application No. 96–013.

Activity for Which Permit is Requested

Enter Sites of Special Scientific Interest. The applicant proposes to enter

the Arrival Heights and Cape Crozier Sites of Special Scientific Interest to survey ground control points needed to prepare up-to-date and detailed site maps for these areas. The work involves obtaining precise measurements of up to 6 ground control points at each site. In addition aerial photography above each control point will be necessary so the control points can be transferred to existing aerial photography for each site. Access to sites will follow restrictions outlined in the management plans for each site.

Location

SSSI #2—Arrival Heights, Hut Peninsula, Ross Island, and SSSI #4— Cape Crozier, Ross Island

Dates

November 1, 1995—January 31, 1996 **Nadene G. Kennedy**,

Permit Office, Office of Polar Programs. [FR Doc. 95–22556 Filed 9–11–95; 8:45 am] BILLING CODE 7555–01–M

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-287 and 50-388]

Pennsylvania Power & Light Company, Susquehanna Steam Electric Station, Units 1 and 2; Environmental Assessment and Finding of No Significant Impact

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuing an amendment to Susquehanna Steam Electric Station, Units 1 and 2, Technical Specifications to permit the implementation of an increase in the allowable exposure of Siemens' 9×9-2 fuel from 40 GWD/MTU to 45 GWD/MTU. Pennsylvania Power and Light Company (PP&L) (the licensee), on May 31, 1994, submitted to the Commission for review, Topical Report PL-NF-94-005-P, "Technical Basis for SPC 9×9-2 Extended Fuel Exposure at Susquehanna SES." This report provided a technical justification for the increased fuel burnup and the staff subsequently approved the report as indicated in its letter to PP&L dated December 15, 1994.

Environmental Assessment

Identification of the Proposed Action

The proposed action would amend the Susquehanna Steam Electric Station (SSES), Units 1 and 2, Technical Specifications (TS) to permit the implementation of an increase in the allowable exposure of Siemens' 9×9–2 fuel from 40 GWD/MTU to 45 GWD/
